Hoang Van Bit (Eric Bit)

FRESHER TEST ENGINEER (TE)

21/03/2005 | 0336990472 | hoangbit185@gmail.com

Nam | Van Lang, Lang n | biteric1.github.io/mycv/

OBJECTIVE

Graduated with an Excellent degree in Applied Informatics, with a GPA of 3.73/4.00. Possess a foundation in programming, computer systems, databases, and technical problem-solving. Have practical experience in software development, system deployment, and basic technical support.

Seeking an opportunity to start my career as a Test Engineer, where I can apply my programming and problem-solving skills while learning about testing systems, production processes, and engineering operations. Willing to learn quickly and develop a long-term career in a manufacturing environment.

EDUCATION

2023 - 2026 **Lang Son College | Applied Informatics**

- Graduated with **Excellent Classification**
- **GPA: 3.73/4.00**

SKILLS

- **Programming Languages:** JavaScript, C# (.NET), Python
- **Databases:** PostgreSQL, MySQL, SQL Server
- **Tools & Systems:** Git/GitHub, Docker (Basic), Windows, Basic Server Deployment
- **Technicall Skills:** Troubleshooting, Debugging, Problem Solving, System Analysis
- **Programming Concepts:** OOP, Database Design, Software Testing Basics
- **Languages:** English – Basic communication and able to read technical documentation

WORK EXPERIENCE

04/2026 - 06/2026 **VNPT Lang Son | Software Development Intern**

- Participated in the development and deployment of a warranty management web system.
- Contributed to interface development and implementation of system features.

- Assisted with software installation and basic IT equipment setup, including computers and printers.
- Developed problem-solving skills through practical software deployment and technical support tasks.

09/2025 - 12/2025 **Tay Language Learning Project (hoctiengtay.edu.vn)** | **Backend Developer**

- Participated in designing the database structure and developing backend functions for the application.
- Deployed the application to a production environment, enabling the system to operate online.

INTERESTS
